CHAPTER _____

An act to amend Sections 44260 and 44260.1 of, to add Section 44260.9 to, the Education Code, relating to teacher credentialing, and declaring the urgency thereof, to take effect immediately.

LEGISLATIVE COUNSEL'S DIGEST

SB 52, Scott. Teacher credentialing: designated subjects: career technical education.

Existing law requires the Commission on Teacher Credentialing to establish standards for the issuance and renewal of credentials, certificates, and permits, including the designated subjects vocational education teaching credentials. The minimum requirements for the designated subjects preliminary vocational education teaching credential and minimum requirements for the 5-year renewal of that credential are established.

This bill would change the name of that credential to the designated subjects preliminary career technical education teaching credential. The passage of a specified basic skills examination would be deleted from the minimum requirements for the designated subjects preliminary career technical education teaching credential. The authority of the commission to require a subject examination as part of the minimum requirements also would be deleted. The bill would require the commission to establish a list of authorized subjects for the designated subjects preliminary and professional clear career technical education teaching credential and would require the list to reflect the 15 industry sectors identified in the California career technical education model curriculum standards adopted by the State Board of Education. The commission would be required to implement the authorized subjects list by September 30, 2007. The commission would be required to convene an advisory committee to review credential requirements for designated subjects career technical education teaching credentials and make recommendations for consolidating requirements for full-time and part-time service. By April 1, 2008, the commission would be required to make recommendations to the Legislature on the minimum requirements for designated subjects career technical education teaching credentials.

This bill would declare that it is to take effect immediately as an urgency statute.
